- The Center for Hope—a long-term residential treatment program for pregnant women with co-occurring disorders

# Pathway to Hope

## Rural Stabilization & Recovery Unit (SRU)

CBI operates an SRU in Casa Grande. This licensed and accredited Level IV facility is funded by Cenpatico Behavioral Health and provides the following services:

- Crisis Intervention, Triage, Stabilization & Short-Term Recovery Services (3-5 days)
- Peer Support & Community-Based Outreach
- Counseling Services, Transition & Referral
- Family Support Programs

## Outpatient Services Center

CBI's Outpatient Program in Casa Grande provides substance abuse and mental health treatment for men and women. All of our programs provide Best Practice behavioral and cognitive modalities.

The following services are available:

- Counseling
- Psychiatric & Addiction Medication
- Peer Support & Outreach
- Support Groups
- Family Support Programs

## Our Commitment to Arizona

At Community Bridges, we believe that substance abuse and addiction are among the most devastating health and social issues of our time. They do not discriminate based upon race, religion, or social economic status. What is clear is the growing impact that substance abuse and addiction are having on the rural communities within Arizona.

The impact begins with the individual, extends to the family, and then echoes throughout the community, leaving in its path broken families, economic ruin, and in many rural towns and cities, stymied growth of industry due to a lack of qualified workers. It is with this in mind that CBI is committed to bringing our 29 years of experience in providing substance abuse prevention, education, and treatment services to the citizens of Casa Grande.
