Building Bridges from Addiction to Recovery

About Community Bridges, Inc. (CBI)

CBI is a private non-profit, 501(c)(3) organization with a 29-year history of providing substance abuse prevention, education, and treatment services throughout Arizona utilizing cutting edge and nationally recognized treatment models. Our mission is to provide the highest quality clinical treatment, family preservation, prevention, and education services to assist the community to reduce crime, lower health care costs, decrease dependence on welfare, and minimize “revolving door” use of scarce public services. We are dedicated to providing a continuum of care that begins with prevention and continues through treatment and recovery.

Payment for Services

SAPT, AHCCCS, Private Pay, and Private Insurance Accepted.

The Yuma Lighthouse

Residential Treatment Program

CBI operates a Level II residential program located in **Yuma** to provide psychiatric, co-occurring, and substance use disorder treatment services including:

- Medication Assisted Treatment (MAT)
- Brief Intervention Program (BIP)
- Counseling & peer support services
- Transition, referral & continuing care

Yuma Outpatient Services

CBI's outpatient program in Yuma provides substance abuse and mental health treatment for men and women. All of our programs provide Best Practice behavioral and cognitive modalities.

The following services are available:

- Substance use disorder treatment and Medication Assisted Treatment (MAT), including outpatient detoxification and addiction-based pharmacotherapies*
- Mental health treatment & MAT*
- Intensive & standard outpatient counseling
- Recovery support groups & family programs

*Some services provided via Telemed
